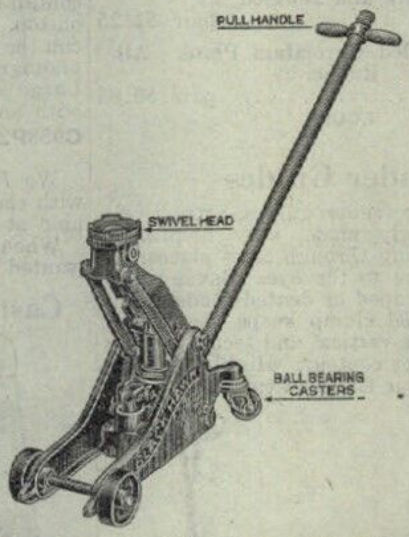
New Hydraulic Floor Jack



Blackhawk Short Floorjack is our newest achievement. Swivel head, ball bearing casters and effective pull handle make this S2 an all purpose service jack for parking, turning, general lifting and curb service.

"Lightning Lift"—Speed—This patented Blackhawk two-speed lift feature produces (1) amazing speed to contact the load, (2) tremendous power at slower speed to raise the load. Only 7 full strokes of handle required to raise unloaded saddle full range of 16 inches.

Finger Tip Control—for setting release valve for raising or lowering—pumping—and positioning. Positive control at all times. Screw Type release valve eliminates danger of sudden release.

Wide Practical Lifting Range—4¼ in. low to 20¾ in. high—16 full inches of powerful hydraulic lift—no ratchet or screw adjustment. Unusual low height to sneak under every axle. Extreme top height saves blocking or use of rigids.

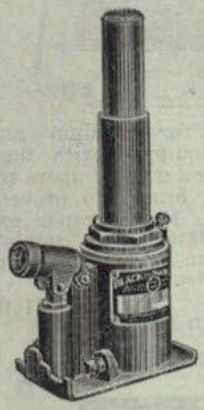
3000 Lb. Capacity—Ideal for service work on all cars and light commercial vehicles. Light in weight—sturdy and trim in construction. Ample reserve for overloads—a dependable safety factor.

Simplified Construction—no exposed rods, levers or toggles. Designed for hard service—all working parts protected. Valves readily accessible for inspection and cleaning. Trouble-proof under all conditions.

Cap. 3000 lbs., low lifting point 4¼ in., lift of jack 16 in., maximum height 20¾ in., length of frame 22½ in., length of handle 51 in., w't 90 lbs.

F2SP1 .....each **$45.00★**

Low-Hi Jack

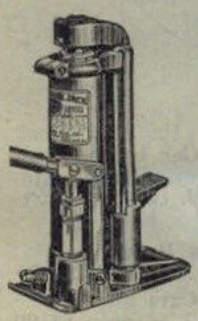


One ton capacity. Adaptable for new low chassis. The only hydraulic that will slide under axle of the low cars with small wheels and big balloon tires. Double telescope lift. Rocker base design allows jack to tilt as axle raises. Low height only 5½ in. Total height 12½ in. Hydraulic lift 7½ in. Long two piece hook handle, w't 9½ lbs.

C304P1 .....each **$8.45**

ONE IN A CARTON

The All-Car Jack



Truly an **All Car** jack. No axle too low or awkward. Sled type base makes it easy to slide into position on rough roads, gravel, etc. 1½ ton capacity on head. ¾ ton on toe. Has adjustable toe for height as low as 3½ in. to 9 in. with jack collapsed. Total height of jack 16 in. Lift 5⅞ in. This model is not guaranteed for truck work. Complete with 34 in. two-piece handle, w't 18 lbs.
